*Studenten voor Morgen*

**MORGEN**  
Het studentennetwerk  
voor een duurzame  
toekomst

## Who are we?

Morgen is a network of local student organizations as well as a national volunteer organization. Together with students from all over the Netherlands we aim to inform other students about sustainability and organize different events with the same focus. We also commit ourselves to making colleges and universities more sustainable, with an important role put aside for students in this process. Sustainability is about the here and now, with an eye on there and tomorrow.

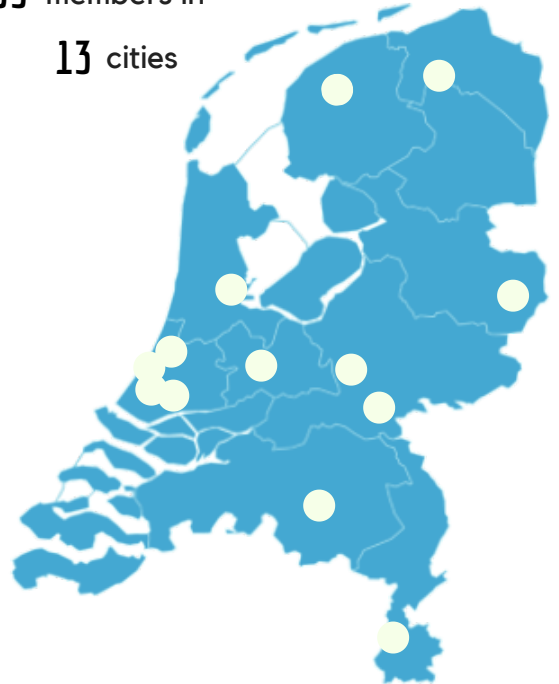

The Board of Morgen exists of 6 young and enthusiastic students. The board is responsible for everything that happens within Morgen. This year the Board consists of:

Denny Ben  
Jolein Marien  
Luc Emily

## Our network

33 members in  
13 cities

## What we do

DIS is organized together with our DIS-coordinator, Winnie

Organize the "Duurzame Introductie Stunt", where students compete to have the most sustainable stunt in the introduction period

Green Offices (GO's) are part of our network and coordinated by our GO-coordinator Beanne

Award the "SustainaBul" annually to the most sustainable university or college at the national day of sustainability in higher education

Provide a national network including our members and other actors in sustainability and higher education

Offer the option to apply for funding at Morgen to finance a project or event

Duurzame Student is run by Gwen and Emma. We are always looking for people to join our enthusiastic team of editors!

Coordinate [www.duurzamestudent.nl](http://www.duurzamestudent.nl), the online magazine about sustainability for students, created by students

Being active in national politics; co-initiators "Jonge Klimaatbeweging" and co-signers "Verdrag van Duurzaamheid in het Onderwijs"
